

KTS 400

Portable Oil Filtration Machine

Model

KTS 400

Centrifuge model

KT400

Flowrate

3000 LPH @ 7 Bar pressure

Dirt Holding Capacity

4000 cc

Pump Flowrate

60 LPM @ 10 Bar pressure

Dimensions with Filter mounted

750 mm (L) X 450 mm (W) X 1100 mm (Ht)

Weight of Machine

125 Kg. Approx.

Applications: Manufacturing Industries & operations

Quenching

Grinding

Honing

Stamping

Boring

Heat Treatment

Gun Drilling

Cutting

CNC

Wire Drawing

Cement Plants

Power Plants

Fastener manufacturing

Textile

Process Industry

Ideal for cleaning below Oils

Lube Oil

Hydraulic Oil

Gear Oil

Transmission Oil

Waste Oil

Quench Oil

Press Oil

Glycol

Biodiesel

Furnace Oil

Thermic Fluid

Rust Free Oil
